

Mount Zlatibor is a tourist resort in the western part of Serbia. It is one of the most popular resorts in Serbia-Montenegro. By road and rail it is connected with Uzice and Nova Varos. It lies on the road linking Belgrade with the Montenegrin littoral and off the Belgrade-Bar railway. Situated at an altitude of just over 1.000 meters, Zlatibor is also a climatic resort, characterised by a cool mountain climate, clean air, long periods of sunshine during the summer and a heavy snow cover in winter. Tourist facilities include modern hotels, holiday centers and cottages, sports grounds and ski-lifts.
