

***Congratulations to the Serbian Project Management Association
on its 40th anniversary!***

On behalf of the SOVNET Project Management Association, we cordially congratulate IPMA Serbia on a significant anniversary: 40 years of successful activity!

Reaching the 40-year milestone is an indicator of deep maturity, recognition and a tremendous contribution to the development of project management. Over the decades, your association has gone through an inspiring path of professional development. The long-term purposeful work of IPMA Serbia to develop project competencies at all levels deserves special recognition.

For many years, our associations have been linked by sincere friendship, deep mutual respect and close professional cooperation within the international IPMA family. Our meetings are always filled with a special atmosphere of brotherhood and mutual understanding.

We are very thankful to Professor Dr Petar Jovanovic, founder of the Yugoslav Project Management Association – YUPMA and its long-time president, who was great friend of SOVNET founder and long-time president Professor Dr Vladimir Voropaev. Currently we celebrate 30 years of YUPMA-SOVNET Cooperation Agreement. We are sincerely proud of the long-term warm relations with colleagues from Serbia and personally with the President IPMA Serbia Professor Dr Vladimir Obradovic.

A special milestone of our partnership was the 32nd IPMA World Congress, which SOVNET successfully held in Sankt Petersburg in 2021. The expert contribution of Professor Vladimir Obradovic as an honorary speaker enriched the international program and became a vivid confirmation of our scientific and practical unity.

We sincerely thank our Serbian colleagues for their continued support of our initiatives, willingness to share experience and active participation in key SOVNET events. Your energy, professionalism and dedication serve as an inspiration to the entire project community.

We wish the Serbian Project Management Association inexhaustible inspiration, new interesting projects and further prosperity. May the experience gained over 40 years become a solid basis for future success, and the cooperation between our associations continues to strengthen and bring mutual benefit.

With respect and best wishes,

SOVNET Project Management Association
